

LOCAL BREVITIES.

SECOND INFANTRY BAND WILL PLAY

Famous Organization Will Participate in the Concert This Evening.

Honolulu will have an opportunity this evening at Emma Square to hear the famous Second Infantry Band in a brief concert. Captain Berger of the Hawaiian band saw Bandmaster Wedemeier of the Second's band yesterday and arranged to have that organization give several selections during the intermission between the parts of the regular program. The band of the Second Infantry is one of the best in the service, and for many years before the Spanish war, when the second was stationed near Omaha, the band was one of the best in that city.

The concert will begin at 7:30. The program follows:

PART I.

March—"California Admission Day" Freedman
Overture—"Festival" Contorno
Intermezzo—"Cavalleria Rusticana" Mascagni

Songs—
(a) "Kapilina," "Wai-anue," Miss I. Kellia.
(b) "Aloha no Wau," "Moani ke Ala," Mrs. N. Alapai.

Selections to be played by the United States Second Infantry Band. Bandmaster Wedemeier:

March—"The Healanis" (new) Berger
Chorus—"Tannhauser" Wagner
Waltz—"Wedding of the Winds" Hall
March—"American Melodies" Berger
"The Star Spangled Banner."

SCHOOLS OPEN TODAY.

New Teacher for the High School and Outlook Promising.

To-day the public schools throughout the Territory throw open their doors to receive again for another term the children of the land.

Professor M. M. Scott, principal of the High School, looks forward to a season of good work and rapid progress. Miss Ziegler, a graduate of Oberlin and a post graduate of Columbia University, has been added to the faculty of the High School. This institution is now ready to prepare students for any university in America. Modern languages and the classics, science and English history are to be well and thoroughly taught and the High School will compare most favorably with any of its grade in any other part of the United States.

Across the road from the High School is the primary school. Only those whose vernacular is English attend this primary school, others must attend other schools. In this way more rapid progress is made with the pupils and the greater benefit accrues to both teachers and scholars.

BURGLARY LAST NIGHT.

Chinese Jewelry Store Entered and Plundered.

A daring burglary was committed late last night or at an early hour this morning, a Chinese jewelry store on Nuanuan street above Love's bakery being the scene of operations. An entrance was effected in the rear, several panes of a glass window being cut with a diamond or other instrument. Chinese from the bakery notified private Watchman George Robinson who notified the Police Station. Upon investigation it was found that a large number of gold and silver watches and other jewelry was missing. The police are working on a clue this morning and hope to have the guilty parties behind the bars by daybreak.

Yesterday morning at Central Union Church Miss Winnie Fendered very acceptably the solos in the anthem, and Mr. Prouty gave the offertory solo. "There is a Green Hill Far Away," by Gounod. In the evening Mr. Fletcher sang the solo in the anthem, "I'll sing Thine Ear to Me," by Himmel, while Miss Kington of the Kamehameha Girls' School rendered very acceptably the offertory solo, "The Plains of Peace," Barnard.

Mrs. J. B. Castle and family returned yesterday on the Claudine from her Haleakala, Maui, country residence.

At the parties from Honolulu at the Riva Saturday were the Riva and Mrs. Oscar White, Mr. Austin and children, Mrs. Oles, Mrs. Fawcett, and Miss of Kakuhaole. On the Abbie M. and Mrs. Dow, Mr. Van Gelschicht was unfortunate in losing his job, which was carried out she arrived in the harbor in a crippled condition. On the way Mr. and Mrs. Hobron, Mr. L. A. Thurston, Henry W. and Mrs. A. W. Pearson, Smith, F. A. Potter, H. Mott and A. B. Wood.

A bicyclist collided with a car yesterday afternoon at the corner of Hotel and Fort streets. The Chinese was riding across the street toward the drug store, when he saw his danger, but too late to turn or dismount. He fell into the car platform and fell with violence to the ground. The car was thrown backward and out of the way of the wheels of the car. The Chinese did not move his hands out, otherwise they would have been crushed by the wheels. The car was soundly berated by a crowd for having come down Fort street and Hotel streets. A broken wheel was the damage done to the car.

The wife murderer, who also attempted to take his own life, has been taken to the Oahu prison and is now in the hospital there. This action was taken by the High Sheriff on account of the impression in the hospital that Fies intended to get out again. He tried to get possession of a knife during the week, and caused the High Sheriff to place him in a place where such opportunity would not be at hand. The man's throat is nearly healed, although a tube is used to keep the windpipe with the trachea and is readily understood. His long illness has made him strong and set up steadily in the prison wagon while being conveyed to the prison. As soon as his wounds are healed he will be taken to court for preliminary hearing on the charge of murder in the first degree.

ALSEN PORTLAND CEMENT

WE HAVE JUST RECEIVED a large shipment of this celebrated cement, which is the STRONGEST AND MOST SERVICEABLE CEMENT MADE, and will permit the admixture of a larger amount of sand, gravel, with less loss of strength, than any other brand; it is therefore the most economical. ALSEN has no equal in color, fineness and sand carrying capacity. It weighs less per bushel, measuring about 10 per cent more cement to a barrel than other brands, which very materially reduces its cost as compared with other cements. It is therefore an economical cement to use, and especially adapted for fine concrete work.

The following tests, made in actual work by Col. D. C. Houston, Corps of Engineers, U. S. A., at the sea wall around Governor's Island, New York Harbor, has never been equalled by other cement. It is as follows: Tensile strength per square inch—One day, 384 pounds; seven days, 400 pounds; thirty days, 813 pounds.

For sidewalks it gives the best color and the most durable wearing surface.

A few of the large contracts in which Alsen Cement was used: Canal St. R., Baltimore, 35,000 barrels; Quebec Harbor Improvement, 4,000 barrels; Northern Pacific R. R. Bridges, 20,000 barrels.
